

# Schedule for Full-time Enrollment in the Center for Creative Change

## M.S. in Management

Begin fall or spring quarter.

Classes are held Fridays through Mondays one weekend a month.

### THE RETREAT

Prior to the first weekend of the program, new students attend an off-site retreat to build community and prepare for the program.

### CORE COURSES

You complete the following core courses during the first three quarters:

- ▶ Communication Design
- ▶ Critical Inquiry and Ways of Knowing
- ▶ Global Pluralism
- ▶ Systemic Thinking for a Changing World
- ▶ Ecological Sustainability
- ▶ Transformative Leadership and Change

### CAUCUS

You join a half-day seminar with faculty and students in your degree program. Through these seminars, you apply a program-specific perspective to the interdisciplinary core courses during your first three quarters.

### REFLECTIVE PRACTICUM SEMINARS

You complete two reflective practicum seminars of three consecutive quarters each.

#### *Reflective Practicum 1: Simulation and Case Study*

In simulated situations, you explore current methods and theories to implement sustainable change. In addition, you do a case study of an actual change project in a business, organization or community.

#### *Reflective Practicum 2: Capstone Change Project*

You develop and execute a change project either in a team or individually, supported by a seminar facilitated by faculty and community/business leaders. Your thesis will be integrally connected with your project.

### SPECIALIZATION COURSES

Each degree program includes required specialization courses and electives. Details are outlined on each program fact sheet.
