

School of Applied Psychology, Counseling and Family Therapy

The School of Applied Psychology, Counseling and Family Therapy offers intensive, challenging programs of graduate study emphasizing multidimensional learning, integration of theory and practice, and the interweaving of personal and professional development. The school offers five master's degree programs and the Doctor of Psychology degree:

Art Therapy programs (AT/MHC or AT/CCFT) : combined with Mental Health Counseling or Child, Couple and Family Therapy program: specialized graduate level training for clinical competencies in art therapy

Child, Couple and Family Therapy program (CCFT) : professional training for treating clinical problems in the context of child, couple and family relationships

Integrative Studies program (ISP) : self-directed study of psychology for varied applications

Mental Health Counseling program (MHC): professional training for ethical, creative and socially responsible counselors

Psy.D. in Clinical Psychology program (Psy.D.): doctoral-level study and training in the theory and application of psychology that meets requirements for a clinical psychologist license
